I’m a valuable resource!  
Keep me on your fridge for 2016/2017

There’s no excuse for single use!
Want to see what happens to your waste?

The Regional Resource Recovery Centre (RRRC) and the Henderson Waste Recovery Park (HWRP) offer FREE tours for local schools and our community.

To book your tour to the RRRC and see what happens to waste from your home, call (08) 9256 9555 or visit recycleright.wa.gov.au. To see what is recovered from your junk verge collection and industrial/commercial waste, join a guided tour of the HWRP by calling (08) 9411 3444.

The RRRC is a green initiative of the Southern Metropolitan Regional Council that uses state of the art technology and infrastructure to process waste and recover recyclables for reuse.

The HWRP is not just a landfill! The Recovery Park features a transfer station where your unwanted materials are brought in, separated and recovered if they can be reused. The Recycle Shop sells many items that have been recovered from the waste stream rather than going to landfill. Pick up a bargain at the Recycle Shop Friday – Sunday and Public Holidays from 8.00am – 4.00pm.
Christmas & New Year Bin Collection Dates

There is NO change to your bin service over the Christmas and New Year Public Holidays.

Residents, Business and Commercial Properties:

Your annual rates include the weekly servicing of 240Lt green and yellow bins.

Please contact the City if you do not already receive this service.

VERGE COLLECTION DATES
Using your Bins

TOP TIPS
- Return bins to your property as soon as possible
- Store bins in a shaded area
- Clean bins regularly

View our “Recycle Right” Waste Video for more top tips at www.cockburn.wa.gov.au/waste

YOUR RECYCLING BIN
(YELLOW-TOPPED)

Your recycling bin contents are sorted and baled at the RRRC and sold for reprocessing. Items should be RINSED, LOOSE and lids off. Examples include:

- **✓ All cans & tins** even EMPTY aerosol cans, tin foil.
- **✓ All dry paper products** even wax cartons, clean pizza boxes.
- **✓ All glass**, even broken glass.
- **✓ All plastic containers**, glad wrap, empty plastic bags.
- **✘ No nappies**

YOUR WASTE COMPOSTING BIN
(GREEN-TOPPED)

Your waste composting bin contents are turned into compost at the RRRC and used in agriculture.

**All food**, organic and organic waste, grass clippings and small prunings go into your waste composting bin.

HANDY HINTS
- Wrap all moist and perishable foods in newspaper (not in plastic) before placing in your green bin
- Freeze all smelly food and place in your green bin the night before collection
- Put lawn clippings and small prunings on top of the material in your green bin to prevent jamming.
Please keep the following out of your waste composting bin:

- **Batteries**
- **Construction Waste** (asbestos, bricks, sand, soil, concrete, rocks).
- **General Waste / Household Hazardous Waste (HHW)**: petrol, gas cylinders, paints, motor oils & fluids, garden chemicals & poisons, pool chemicals, cleaners, acids, bleaches & ammonia & flammable liquids.
- **Glass**
- **Medical waste** (needles & medicines).

See [Resource Recovery A-Z tab](#) for a complete list of items and the [Disposal tab](#) on how to dispose of HHW and other items safely or download the free Recycle Right app from the App store or Google play.

**WORM FARM AND COMPOST BIN SUBSIDIES NOW AVAILABLE!**

**BIN PLACEMENT**

To assist us in servicing your bins please:

- Place bins within 1.5 metres of the road kerb by 6:00am on collection day with handles facing towards the property, without the bin blocking footpaths or driveways.
- Place bins about half a metre apart to allow clear access for the side-loading service vehicles’ grab arm.
- Do not overfill your bins as the trucks’ hydraulics cannot lift bins weighing over 70kg.
- Ensure bin lids are closed so that the contents do not spill when it is lifted or the lid does not blow open causing street litter.
- Place your bin clear of obstacles such as parked cars, trees, etc to allow clear access to the service vehicles.
- Only waste placed inside the bin will be collected.
- Please do not place hot or burning ash, liquid wastes, oil, paint, solvents or heavy materials in your bins as they will damage bins, trucks and the environment.
- Alternate collection arrangements can be made to assist frail, aged and disabled customers.
- Please don’t block paths with your bins.

**USING YOUR BINS**

Green Waste

YOUR GREEN WASTE VERGE COLLECTION IS TAKEN TO THE RRRC

Residents may bring additional CLEAN GREEN WASTE to the RRRC at 350 Bannister Road, Canning Vale.

The RRRC is open 7 days a week, 8.00am – 4.00pm (except Christmas Day and New Years Day. Use your City of Cockburn trailer passes or fees will apply).

Tel (admin): (08) 9256 9555
Tel (weighbridge): (08) 9256 9510

The Green Waste Processing Facility located in Canning Vale creates mulch from the clean green waste gathered by council verge collections.

Green Waste is also accepted from residents and commercial operators who bring it to the RRRC on trailers.

100% of the Green Waste is recovered, with no residual waste going to landfill.

By disposing of your Green Waste at the RRRC you’ll be helping to create a more sustainable future for the region.

Green waste is also accepted at the Henderson Waste Recovery Park (fees apply)

Free mulch is available to all visitors at Henderson Waste Recovery Park (Self Loaded)
